***

O R D E R:

In the Government Orders 1st read above, permission was accorded for drawl of 7000 KLD or 0.0902 TMC per annum of water from Krishna River in favour of M/s KCP Limited, Muktyala (V), Jaggaiapet(M), NTR District and accordingly, the concerned Superintending Engineer has concluded agreement.

2. In the letter 2nd read above, the Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, based on the report of the Chief Engineer, Krishna Delta System, Vijayawada has furnished the detailed proposal to the Government and in view of the circumstances stated therein, requested the Government to issue necessary orders in favour of M/s KCP Limited, Muktyala(V), Jaggaiapeta(M), NTR District for shifting the intake point location and pipeline alignments, subject to the following terms & conditions:

i. The commencement and the details and procedure of construction of intake well and laying of new pipeline should be intimated well in advance to the concerned Departmental Authorities.
ii. Concurrence of the Collector & District Magistrate, NTR Dist., should be obtained prior to the construction of intake well and laying of new pipeline.
iii. No damage should be caused to any other existing structures.
iv. The W.R.Department bears no responsibility for the complications and the consequences arising what so ever.

(Contd...p.2)

v. All precautionary arrangements and safety measures are to be taken up.

vi. They should not obstruct the regular duties of the staff of concerned Department.

vii. The Water Resources Department is not at all responsible for any untoward incidents if happened such as natural calamities, etc., if any due to according permission for construction of intake well and laying of new pipeline.

viii. The above permission is subject to cancellation at any time by the permission issuing authority without any reasons or notice.

ix. The permission issued shall be purely temporary and is liable for cancellation at any time without any notice from the W.R. Department and the Department reserves the right to remove/dismantle the intake well.

x. The firm authorities have to obtain the prior permission from all the concerned Departments if any, such as Revenue Department, Police Department, R&B Department etc., for construction of intake well and laying of new pipeline.

xi. The firm authorities should ensure that the river margin should be utilized only for the construction of intake well.

xii. No earth/sand shall be excavated either from the River or River bank for construction of intake well and laying of new pipeline.

xiii. No damages shall be caused to the River banks and any other existing C.M. & C.D. works.

xiv. The firm authorities shall abide by any other conditions laid down by the Government/Department from time to time.

xv. The firm authorities should not claim any compensation due to occurring of any damages to the intake well or pipeline laid by them.

xvi. No work should be carried out during floods in Krishna River.

xvii. The entire cost of construction of intake well, pump house, pipelines excavation etc. should be borne by the industry only.

xviii. Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the Departmental Authorities and the representatives of the user shall be present at all times of inspection.

xix. The old water meter has to be removed and the new water meter has to be fixed in the presence of Water Resources Departmental Authorities.

xx. The industry shall obtain the prior concurrence from concerned Departments for laying pipelines and for crossing etc, wherever necessary.

xxi. No field Bodhi or pipe line shall be taken through or along with Government land without approval of Government and if permission accorded, the lease should be paid as fixed by the Government only.

(Contd...p.3)

xxii. The industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permissions is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the industry.

xxiii. The industry must strengthen the river margin 100m., from the Toe to the River Flood Bank.

xxiv. The industry has to lay CC(1:4:8)before laying the pipe line and CC(1:2:4)over the pipeline, refill the pipeline with proper soils and consolidate the banks as directed by the Department.

xxv. The industry has to construct CC walls to avoid leakage at pipeline crossing.

xxvi. The industry shall abide by R.C.Act -1884 and any other conditions laid down by the Government /W.R.Department from time to time.

xxvii. The Department is no way responsible for any damages that may occur to the offtake point due to floods in Krishna River or on an account of any other reasons.

xxviii. The industry should pay the water royalty charges as fixed by the Government from time to time. The water royalty charges may be revised by the Government from time to time and the industry has to pay the revised rates as fixed by the Government from time to time. In case of failure to pay water rate/royalty, the permissions to draw water shall stands cancelled.

xxix. The firm have to abide to all the conditions and special conditions as noted in the agreement concluded vide SE, IC, Vijayawada Lr. No.SE/ IC/VJA DB/JTO7/848KC, dt. 24-11-2018.

xxx. **The firm have to pay Non-Refundable Security Deposit for an amount of Rs 1,00,000/-(Rupees One Lakh only) to take up the Construction of new intake well along the Krishna River margin.**

xxxi. **The firm have to pay Refundable Security Deposit for an amount of Rs 5,00,000/-(Rupees Five Lakhs only) which will be returned after completion of the work and obtaining necessary Clearance Certificate from the concerned Water Resources Departmental Authorities.**

3. After careful examination of the matter and as recommended by the Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Government hereby accord permission to M/s KCP Limited, Muktyala (V), Jaggaiapet(M), NTR District for shifting the intake point location and laying the new pipeline for a length of 1274 Mts., duly tapping to the existing pipeline, the total length of the pipeline will be 3286 Mts (i.e. from the proposed intake point to the storage tank located in the industry premises), subject to the terms & conditions as mentioned at para (2) above.

4. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, Chief Engineer, Krishna Delta System, Vijayawada and the
